 - Events calendar
 - Online registration
 - Content publishing
 - Other _____
2. Describe any security issues:
3. Where is your current website hosted?
4. What are your long-term plans for the site?

The Look & Feel of Your Site

This part of the profile is very important. The more work you put into it, the more your project will benefit.

1. Find the highest quality web sites (more is better) that relate to your site in the following categories (list them below each category):
 - List three of your **competitor's** sites:

- List websites that have **similar colors, look-and-feel, user interface, layout** similar to what you are envisioning your site to look like:

 - List websites that contain the **type of features and functions** you would like:

 - List websites that have **good content** quality:

 - List websites that have the kind of **graphic quality** you are after:

 - List your **overall favorite sites** (for whatever reasons):
2. List any ideas you have for your website that you haven't seen done before.
3. Is there anything else you would like us to know regarding your project?

Fax or mail your completed profile to:
